Ceremony

As a matter of course we will always photograph every possible details of the ceremony. Please list any particular details that may be unusual, or of particular importance.

Please let us know if there are any particular restrictions at your ceremony location. We are always respectful, and will remain quiet and as invisible as possible. We will never stop or interfere in a ceremony/service.

Large Groups

- All ceremony guests - *This will require special setup, and an announcement to all guests. Please discuss the details with us.*

For groups larger than 15 people, a tiered or sloped area is necessary. Alternately the second story of a building, or even the roof can be used to gain a higher perspective. An area that has full shade, or full sun is best. Please note, that we reserve the right to assess the safety of any object we need to climb.

Dinner Invitation

We kindly request a seat at your reception if we are requested to photograph through the evening. If you are making a seating plan, we would prefer to sit in an area that gives us easy access to our equipment. Near a wall is better than in the middle of the room as we will be getting up frequently to capture moments. Some venues find a small table for us to sit at, out of the way, which works very well. Should this be a challenge in any way please let us know so that we can make alternate arrangements for a break and food.

Moments & Details

As a matter of course we photograph as many candid moments as we can capture throughout the day. We make a point of photographing all the small details - from decorations, surroundings, clothing, food, and all the other carefully planned details of your wedding day.
